Comments: Sorry I don't remember the names of the 2 painters think it was Dave + John - Both were very pleasant and did a fine job! As John was washing the rollers in our U.R. sink we noted low water pressure on the cold faucet. He asked me if he could check the shut-off

What suggestions do you have to make us better? Keep up the good work -

Value under the sink - It had been partially closed so the problem was easily remedied - Thank you John -
